Dear ~~Mrs.~~ Manley

I am very sorry that it was so long before I answered your card, but I waited until I had to register and I have not received any classification card as yet, but as soon as I receive one I will ~~immediately~~ contact you immediately.

I am getting along fine and hoping that when you receive this card you and Mr. Manley will be enjoying the best of health. The card you wrote me was addressed to the wrong place and when I receive it, a portion had been * * torn off and that's why I used the old address.
